

# TOROSO ETF INDUSTRY INDEX – Tier C 15%

## Moderate participation in the ETF industry with indirect financial impact to shareholders

This equally-weighted tier is designed to capture exposure to companies that support or have moderate participation in the ETF industry. Examples of support companies that support the industry are custodians and fund service companies like US Bancorp or Bank of New York. Virtus, Northern Trust and Ameriprise are examples of companies that do issue/sponsor ETFs but their current impact and market share of the ETF industry is moderate. Additionally, the revenue and relevance to shareholders of these companies is indirect.
